# Language Challenge

What language are you learning?	Why are you learning this language?	Complete a lesson for your language.	Count as high as you can in your language.	Where is your language spoken?
Use Mango's voice comparison tool.	Teach a friend some phrases in your new language.	Tell someone how you feel today in your new language.	What is a holiday associated with your language?	What is the coolest thing you've learned about your language?
Tell us today's date in your language.	Turn a normal activity into language learning.	Use Mango's autoplay feature.	Say, "I love you" in your language.	Make a to-do list in your language.
Read a culture note in Mango's lessons.	Tell someone how the weather is in your new language.	Get all of your review cards right on the first try.	Write a diary entry in your language.	What advice would you give to someone learning your language?
